Content Analysis Matrix

Keeping your Intranet content organized often is not much easier than juggling chainsaws. Use this Excel spreadsheet from gantthead.com to help you keep track of content name, content description, perceived value, risks if lost, user group access, content owner, content creator, update frequency, development, conversion, estimates, work descriptions and those all-important priorities.

Included in this ZIP file are:

- Content_Analysis_Matrix.xls
- Intro Doc.pdf
- Terms and Conditions.pdf
